

PUBLIC LEDGER

SIXTH YEAR.

MAYSVILLE, KY., MONDAY, AUGUST 16, 1897.

ONE CENT.

SHORT CIRCULATION
LARGEST IN THE CITY.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising notices free any more than a merchant can give away his goods. The Public Ledger is a business enterprise. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The Continued Call

UPON THE LEDGER for free notices have become so burdensome that we are forced to publish the following terms:

For Notices of Births,

deaths, marriages, or other public entertainments where a fee is charged, and for notices of public entertainments, etc., the Ledger will charge five cents a line, and hereafter this will be the invariable rule. This, however, is not the case.

Does Not Include

notices of Lodge meetings or Church services, which are not excepted lines.

Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for business notices in the Ledger is 10 cents a line for the first insertion, and 5 cents a line for subsequent insertions. A line is defined as a line of type, and the paper will not be responsible for the insertion of a line of type in the wrong place. If you wish to take notice, you must be sure to state the date and time of the notice. If you wish to take notice, you must be sure to state the date and time of the notice. If you wish to take notice, you must be sure to state the date and time of the notice.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have an item of news, please call up THE LEDGER, Telephone 33, and send it in.

We Must Make Room

In anticipation of a big fall trade, and realizing that goods pertaining to our lines will advance, (a great many have already), we bought early and largely. We are already beginning to receive shipments. Moreover it will not be long before our great line of Men's shoes will come in, so you see we must make room. Now, if you will look in our windows and see the line of suits we are offering at \$10 you will assist us in making room. All of our Fancy Cheviot Suits, in Checks, Plaids, Stripes, etc. Suits that we sold at \$15, \$16.50 and \$18, go in this sale.

No house in the state ever did or ever will offer a line of Suits like these for the price,

:-: \$10.00!

It is the greatest sacrifice sale ever made, but as our customers will be benefited, and it secures us room and money, we will only be too glad to have you take advantage of this sale. We have no room to quote prices on our more medium grades, but the entire stock will be sold at proportionate prices.

Please bear in mind this: No Suit will be sent out on approval. No Suit will be charged. Only

CASH!

Will buy the goods during this sale. Money, however, will be cheerfully returned if goods don't suit upon home examination.

IMMENSE SENSATION!

Fleming County Society Torn Up By the Very Roots!

ALL THE RED FIRE DETAILS.

Now, isn't that heading sensational enough for you? And Don't you expect a sweet morsel of scandal to well up your tongue around?

Friday's Cincinnati papers had a most glowing account of the movements in that big, bad place of Dr. Henry C. Kehoe, formerly of this city but now of Flemingsburg, and Miss Jessie Sommers of Elizaville.

The narrative was, of course, accompanied by painful pictures of the principal, with all the necessary red fire accessories to complete a thrilling story.

Rather than publish the matter hastily THE LEDGER preferred to await less sensational details, and the facts are substantially these:

A week ago last Saturday Jessie Sommers, a young Miss of about 16, went to Cincinnati from Elizaville to visit her uncle, Thomas Farrell, who is connected with the D. H. Baldwin Piano Company.

Thursday evening previously Miss Sommers had called on Dr. H. C. Kehoe at Flemingsburg, who is a great friend of her stepfather, Thomas C. Dougherty, but who had never met Miss Sommers until that evening, when she introduced herself. She called on Dr. Kehoe professionally, but he had company and could not attend to her case, and advised her to consult her uncle, Dr. Riveaud, who lives near her home.

After that she went to her other uncle in Cincinnati.

She wrote to Dr. Kehoe that it was very important that she should see him, and was desirous of consulting him.

Business made it necessary for the Doctor to be in Cincinnati and he sent her a special delivery letter to that effect, appointing as the place of meeting the Palace Hotel.

She told her uncle that she had an engagement with a Mr. Armstrong and his two daughters of Flemingsburg to go shopping, and was to meet them at the Palace Hotel.

Mr. Farrell accompanied his niece, and on reaching the hotel was introduced to the Mr. Armstrong, but the two daughters were nowhere to be found. But it was decided that Miss Sommers and Armstrong would wait for the daughters.

Mr. Farrell waited outside the hotel, when presently his niece came out, accompanied by Armstrong, but without the daughters. He followed them, and saw them enter Hunt's Hotel on Fifth street, where they registered as "Mr. Armstrong and daughter, city."

The uncle then procured the services of Officer Pottembaum and entered their room, where they had been only a few minutes. When the door was opened Miss Sommers was sitting by the window, and her companion was sitting several feet distant. No precaution had been taken on the part of the occupants of the room, for the door was not secured. Quite a scene occurred between uncle and niece, and all the parties were taken to Central Station.

There all told their stories, and none of the statements conflicted. Armstrong, who was none other than Dr. Kehoe, stated that he only wished to give the young lady some advice, so, after a long consultation with Prosecutor Robert Pugh and Chief Detach. It was decided to place no charge against them.

Miss Sommers comes of one of the best families in Fleming county, and thus

The reader of this paper will be pleased to learn that there is at least one cured disease that science has been able to cure in all its stages, and that is Cancer. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. SANTA CLARA.

An Invasion of the Province by Insurgents Causes Alarm.

The Patriots Have Captured the Village of Esperanza.

Communication Between Villa Clara and Cienfuegos Cut Off—Spanish Commander Moving Every Able-Bodied Citizen Into the Spanish Forces.

Havana, Aug. 16.—The invasion of Santa Clara province is causing alarm in Spanish ranks. An attack on Villa Clara city is expected. The patriots have captured the town of Esperanza. All communication between Villa Clara and Cienfuegos has been cut off. The Spanish commander here has mustered every able-bodied citizen into the forces for defense. The patriots have managed to leave Weyler's entire central troops in darkness by capturing the town of Colonias, where the captain general had an electric light plant which supplied the whole line.

The patriots held the line for several days, blowing up the engine with dynamite.

The patriots have blown up near dynamite train just outside of Puerto Príncipe. The commander, fireman, engineer and 10 soldiers were killed.

A PRISONER

Slashes Five Patriots With a Razor and Escapes by Jumping 30 Feet from Window—Subsequently Wounded and Captured.

Pittsburgh, Aug. 16.—James Elbert arrested as a suspicious character and supposed to be an anarchist, created big excitement Sunday morning at the police station by slashing five patriots with a razor. One of the officers, George McIntyre, was horribly cut on the face, one wound extending from the ear to the throat, taking away the ear. His condition is serious. The others, Geo. Cole, Jas. McEvoy, W. E. Corleau, and Walter, are seriously cut, but not seriously. Elbert, after cutting his way through a guard of 15 policemen, made his escape from the station by jumping 30 feet from a rear window, hotly pursued by officers, while blood streamed from their hands. After a chase of several squares, Officer Corleau finally fired his revolver, the bullet taking effect in Elbert's right arm and he was captured. The man fought desperately and had to be clubbed into insensibility before he could be taken back to the station. Elbert now lies in the city hospital in a precarious condition. Elbert is an Austrian, who had been working at Mr. Armstrong's life and was arrested because he insisted on hanging round the factory after being repeatedly warned off the premises.

PROBABLE LYNNING.

A Mob After the Assistant of Mrs. and Miss Heath.

CHATTANOOGA, Tenn., Aug. 16.—Will Phillips, the man who recently criminally assaulted Miss Jones, daughter of a wealthy Georgia planter residing near this city and who was arrested in Arkansas, was taken to jail at Fayetteville, Va., where the crime was committed. A mob had been organized to lynch Phillips as soon as he was taken to jail, but his father prevailed on them to let him go to trial. Phillips is the assistant of Mrs. and Miss Heath, and every road and avenue to Chattanooga Park is being guarded by armed men. If caught, Phillips will never reach the jail, as more than a hundred men have sworn he shall die at once. Miss Heath and her mother have both been very anxious and have given an ample description of their assailant. A large reward has been offered for his capture. The assaults on Miss Jones and the Heaths occurred within a mile of each other.

SUNBONNETS FOR HORSES.

LONDON, Aug. 16.—The straw manufacturers of Luton have been doing a big business in sunbonnets for horses, owing to the institution of the government and the society for the prevention of cruelty to animals. The hats are shaped on the horse's model, having a high crown and a broad brim. The use of the bonnet has greatly decreased the summer mortality among horses in France.

ADVERTISED TO BE HUNG.

SAN FRANCISCO, Aug. 16.—Forty cases of adulterated whisky which had been condemned by Inspector Tooker, have been burned in a large furnace in the basement of the Custom House building, the importer having failed to answer appeal from the inspector's finding or export the stuff to the States, which is required by the law passed by congress and approved on March 3, 1897. This is the first destruction of tea under the provisions of the new law.

MICHEL ANGIOLLO COURT MARTIALED.

VERONA, Spain, Aug. 16.—Michel Angiollo, alias Goliard, was tried Sunday morning by court martial for the murder of Senor Carlos de Castillo at the baths of Santa Agueda, on August 8. The court martial consisted of a lieutenant colonel and six captains of artillery. All the statements of Angiollo were in favor of the government. The sentence of the court martial will not be divided until it has been confirmed by the supreme council of war.

DON CARLOS.

On the Death of Canovas and Affairs in Cuba.

He Favours Unflinching Severity in Repressing the Rebellion.

Followed by Numerous Concessions to Local Requirements—The Carlist Movement Increased in Strength and Influence—Time Consumed in Fighting.

LONDON, Aug. 16.—The correspondent of the Daily Telegraph at Lorcane has had a long interview with Don Carlos on the death of Canovas and Cuban affairs. Don Carlos declared that the American remonstrances and hints of interference were mere balloons cast into the air, which ought not to be taken seriously. He said that the United States, if these attempts had been resolutely repelled by the Spanish government, would have drawn its extravagant pretensions. What was wanted in Cuba, he argued, was a strong and unflinching repression, followed by generous concessions to local requirements and aspirations.

"The Carlist movement in Spain has greatly increased in strength and discipline during the last decade. I am in touch with every branch of it and there will be no more futile risings or senseless bloodshed, but when the time is ripe every one will be ready to fight to the death for the throne."

MADRID, Aug. 16.—The political horizon is menacing. Senor Robledo has publicly declared in favor of the retention of Capt. Gen. Weyler and against any reconciliation with the dissident forces.
